

Scott M. Dixon

President and CEO of the newly formed Dixon Companies (formerly Prime Commercial Corp.), Scott Dixon leads a team of professionals in three distinct business groups in commercial, industrial and residential development.

In this role, Scott directs construction management; corporate and business park development, real estate sales and brokerage; financial packaging; and governmental presentations and negotiations. Moving in a global direction, Scott created Dixon Construction, Dixon Realty Group and Dixon Residential in 2007 to provide clients with exceptional service and support in every area. Each business group focuses on assisting clients in every aspect of property development nationwide.

Headquarters for Dixon Companies Inc. is located at 420 North Front Street, McHenry, Illinois. Branch offices are located in Yorkville, Illinois and Wausau, Wisconsin. Projects managed by the companies include hospitality and residential located in the Midwest as well as Colorado, South Dakota, North Carolina and Ohio. Scott's commitment to quality and customer service has caused client demand to drive the global expansion of Dixon Companies.

After receiving a B.B.A. in accounting from the University of Wisconsin- Whitewater, Scott worked as a staff auditor, real estate investment analyst and industrial real estate broker at firms in Southern Wisconsin and Northern Illinois. With an increased interest in the field of real estate, he proceeded to earn a Master's Degree in real estate appraisal and investment analysis from the University of Wisconsin- Madison. In 1987, Scott returned to his McHenry County roots as a partner in Prime Commercial Corp.

Scott is a member of Urban Land Institute (ULI), National Association of Industrial & Office Parks (NAIOP), Northern Illinois Commercial Association of Realtors (NICAR) and Commercial Association of Realtors Wisconsin (CARW). He is a Certified Commercial Investment Member (CCIM) and is a licensed real estate broker in both Illinois and Wisconsin.
